

Raintree Parking Permits for Sale

Many Raintree residents have complained about the lack of available vehicle parking spaces in their respective villages. When Raintree was built 40 years ago, most households only owned one or two cars. Today, many Raintree families own as many as four vehicles and do not have the space to park them near their home.

As a possible alternative, the **Raintree Community Association is offering parking passes for sale that will allow residents to park their car in the Sam Bakal Clubhouse parking lot 24 hours a day seven days a week.**

- The fee to purchase a parking pass is \$250 for 6 months
- The pass must be visibly displayed on the dashboard while parked in the lot.
- The vehicle is allowed to stay in the lot anytime day and night, even during snow events.
- A limited number of these passes will be sold on a first-come-first-serve basis to residents.
- The parking pass is transferable between cars and can be used in any vehicle.
- The row of parking spaces adjacent to Raintree Road are the parking spots reserved for those with parking passes
- Vehicles that park in the Clubhouse lot afterhours without a parking pass will be towed.

To obtain a parking pass for the July 1 to December 31, 2026 period, fill out this form and bring it to the management office. The \$250 fee can be paid by credit or debit card.
